

Project Design Phase
Proposed Solution Template

Date	07 Jul 2026
Project Name	SHOPEZ E-commerce Application
Maximum Marks	2 Marks

Proposed Solution Template:

Project team shall fill the following information in the proposed solution template.

S.No.	Parameter	Description
1.	Problem Statement (Problem to be solved)	Customers face difficulties in finding genuine products, comparing prices, making secure payments, and receiving fast delivery while shopping online.
2.	Idea / Solution description	Shopez is an e-commerce application that provides smart product search, personalized recommendations, wishlist, secure payment options, order tracking, and hassle-free returns to make online shopping simple and reliable.
3.	Novelty / Uniqueness	user-friendly interface, verified product reviews, fast checkout, secure payment gateway, and personalized shopping experience.
4.	Social Impact / Customer Satisfaction	Shopez saves customers' time, offers a safe shopping experience, increases trust through genuine products and reviews, and improves customer satisfaction with quick delivery and easy returns.
5.	Business Model (Revenue Model)	Revenue is generated through product sales, seller commissions, featured product advertisements, premium seller subscriptions, and delivery charges.
6.	Scalability of the Solution	Shopez can be expanded by adding more sellers, products, payment methods, fast delivery and serving customers across different regions and countries.
